

Discovery Community Church is planted in Tacoma, WA. Officially the "City of Destiny" and unofficially - "Grit City," Tacoma is surrounded by military bases, one of the West Coast's largest ports, and near high-tech heavy-hitters like Microsoft, Boeing, and Amazon. Tacoma has become one of the most diverse, high transition, and growing parts of North America.

Discovery Community Church exists to reach and deploy the next generation. We are striving to be a healthy, gospel-centered, family that shares Christ with compassion, developing followers fully devoted to Jesus, and launching multiplying leaders.

We are looking for team members who share this mission to plant their lives in the Northwest and help build a multiplying movement, in this historically unchurched region.
